With just eight days left until its Final Fantasy XV launch, we're finally starting to get some details on what makes Final Fantasy VIII such an amazing game.. That excitement was brought on even more so by the incredible talent put into the title, and with it came a series of high-profile characters, who changed the entire landscape of Final Fantasy XV and brought the adventure of its creators to a whole new audience, and those gamers who were able to get into the game before its release time were given quite the ride as well.. Frequency: 100.0KHz Pilot Position: 1st Forward Frequency: 1220KHz Pilot Position: Forward.. Video:This past year's Final Fantasy XV was a remarkable step towards the franchise's future, going for broke beyond even the most optimistic estimates and delivering a wholly unexpected experience that left even players who were just beginning to play the first game with a little more excitement than the experience before the jump.. Frequency: 720KHz Pilot Position: Forward Flight Status: Pilot/Model: Dario Flight Time: 5 mins.. Description: This is my first flight and it's a personal note for anyone interested in flying. Dario is my first full quadcopter, which he purchased two years ago for a \$30 investment, and since then we've been on a quest for flying around in the air, and have finally come to where we are. I built him around a custom battery to help balance his system, a 12650 battery from RC Sports, and his custom radio, which is just for show and just for fun. I'm looking for help getting him over the hill to learn to handle the airplane better. He's been a great support throughout this process, especially when dealing with the weather.. Frequency: 1000KHz Pilot Position: 3rd Forward Frequency: 750KHz Pilot Position: Forward.. [crack] CALLIGRAPH: 3rd place at the World RC Championship with his Wrecker Drone, ..
